Family Nurse Practitioner Program

The program is designed to prepare students for the role of a family nurse practitioner. The curriculum includes coursework in medical history, physical assessment, and diagnosis. Students also receive clinical experience in a variety of settings, including primary care, acute care, and specialty care. The program is accredited by the American Association of Colleges of Nursing (AACN) and the American Nurses Credentialing Center (ANCC).

### Brian Douthit, MSN'17, RN-BC

Brian Douthit, MSN'17, RN-BC, is a family nurse practitioner at the University of Mississippi Medical Center. He completed his master's thesis on the impact of telemedicine on rural healthcare. He is currently working on his doctoral dissertation. He is a member of the American Association of Colleges of Nursing and the American Nurses Credentialing Center. He is also a member of the American Association of Family Nurse Practitioners and the American College of Nurse-Practitioners.
